

# DISPATCH FROM ANYWHERE

AS LABOR SHORTAGES CONTINUE TO PLAGUE THE CONSTRUCTION INDUSTRY, COMPANIES ARE ASKING EMPLOYEES TO WEAR MANY HATS. THE ABILITY TO DISPATCH FROM ANYWHERE HELPS EVERYONE IN YOUR ORGANIZATION **GET THE JOB DONE.**

## WHY? FLEXIBILITY IS KEY.

Being able to easily dispatch from anywhere means that operations don't have to grind to a halt when your dispatcher:

- ▶ Needs to be at a jobsite
- ▶ Is in a meeting
- ▶ Is at home sick

In the construction industry remote doesn't necessarily mean "at home" – it can mean on the jobsite, at the quarry, or from the front of a truck.
